

About us

Virtuous Care Services was established in response to our cultural background where we believe in a certain way of providing care, it is not just about a career or provision of services, but it is about respect, compassion, genuine love, listening and responding to individual or family needs, ensuring that person centred care is provided and maintained.

Virtuous Care Services provides in-home and community-based care for people living with disability, particularly those accessing the National Disability Insurance Scheme (NDIS) across Peel and Southwest regions of Western Australia including Bunbury, Busselton, Mandurah, Donnybrook and more.

- ▶ Other Chronic conditions management

Accommodation and Respite.

Short- and Medium-Term Accommodation (STA and MTA) are temporary forms of accommodation to give you and your carers a break away from home or to provide a stopgap while you look for a permanent accommodation.

Supported Independent Living (SIL)

Having the support to live independently is important for everybody's peace of mind. We

offer 24/7 in-home care, delivered either through our supported accommodation homes or in your own home.

Assist Travel / Transport

At Virtuous Care Services, we provide flexible travel and transport support services to assist our participants to attend appointments, meet family and friends, or to simply getting out and about in the community.

Community Participation

At Virtuous Care Services, we understand and value social interaction, community participation and connection with the community. We are here to support individuals to get out and about; to pursue their interests and to take part in interactive activities of their choice. Whether it's a shopping trip, appointments, going for recreational activities or any other activities, our friendly staff are here to support you.

Assist Personal / Daily Activities

to chair)
